
Unit – 1 : Session – 10 : SLO – 1 | User Interfaces — Riddles

I. Riddle Answers

1. "I listen, not see. You speak, I agree. Who am I?" -> VOICE USER INTERFACE (voice assistant,
2. e.g. Siri/Alexa — a speech-recognition interface).
3. "Icons, buttons, colors bright — I let you click from left to right." -> GUI
4. (Graphical User Interface).
5. "No clicks, just keys — you talk to me with letters, please." -> CLI
6. (Command Line Interface / shell).
7. "No mouse or keys in sight, your fingers make everything right." -> TOUCHSCREEN INTERFACE
8. (touch-based UI used in phones and tablets).

II. Interfaces and Utilities

1. Users interact with the OS through CLI shells, GUIs, touch and voice interfaces, and batch files.
2. System utilities: file managers, task manager, settings panels, disk tools, terminal emulators.
